Dear Mr. Scullin:

On April 21, 2004, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of SigArms, Inc. ("SigArms"). The purpose of the inspection was to determine SigArms' compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, SigArms was issued Letter of Deficiency No. WMD 04-13 (the "LoD"). Based upon a review of SigArms' submittals, DES has determined that your facility has corrected the deficiencies identified in the LoD.

Please be advised that DES will continue to monitor SigArms' compliance status through record reviews and on-site inspections.

This Letter of Compliance does not release SigArms from liability for penalties to which it may be subject for the deficiencies identified in the LoD.

If you have any questions regarding this letter, please contact Tod G. Leedberg, RCRA Compliance Supervisor, or me at (603) 271-2942. Thank you for your cooperation.

Sincerely,
